### **INSPIRE Fellowship: Organization of Assessment Committee Meeting for JRF to SRF upgradation**

In response to the challenges posed by the ongoing Covid-19 pandemic, it is hereby informed that the Assessment Committee Meetings for JRF to SRF upgradation that have been organized so far with all members present in person, can now be also conducted with some of the members participating in the meeting online. However, the research student and his/her supervisor must participate in the meeting in person. The host institution must also ensure that the rigours and norms prescribed for such meetings are fully met. All Covid-19-related precautions prescribed by the Central and State Governments must be followed while organizing these meetings.

All other guidelines related to JRF to SRF upgradation including the composition of the Assessment Committee remain unchanged.
